

Alpha

Alpha has been thoughtfully designed to achieve a creative work environment.

Strong lines and a sense of structure coupled with a relaxed style, encourages team work and collaboration within the office

Alpha is compatible with all of our screens systems . If you're after a lighter look and feel pair with our Ozone screen or frameless acrylic. If structured solid look is required it can be paired with our Exe Series screens incorporating integrated ducting. Please turn over for specification guide.

Creating the perfect workstation is now easy with Bevisco's integrated design approach. This holistic concept allows you to mix and match components & accessories across our range of systems. You can now balance function, aesthetics and cost like never before.
