

St Thomas More College

Commercial Images has worked with St Thomas More Collage to fit out classrooms, meeting rooms and offices to create a welcoming and well planned environment for staff and students.

Wall mounted cupboards, free standing storage cupboards, workstations and task chairs have been used to fit out the office areas .

In the meeting areas round and square tables have been used, accompanied by Spida Side Chairs.

For extra storage we have created free standing Credenzas with hinge doors, stainless steel handles with a wall mounted cupboard on top. This adds extra bench space and functional storage.
