MARKANT V-STORE

Markant V-Store cabinets lend a feeling of space and tranquillity to the work environment. The large range of cabinet sizes and internal division possibilities allow for efficient use of space and ensure a tidy, clear desk.

ROBUST

The carefully finished cabinets from the V-Store programme are robust and user friendly. The use of thick gauge steel plate ensures a rigid construction, preventing the cabinet from tilting. The bottom of the cabinet is supplied with adjustable spacers, accessed internally, to facilitate easy levelling.

FLEXIBLE

V-Store cabinets are available in five heights, with a width of 120 cm. The large range of shelves, pull-out frames and division sets enable the individual user to set out an almost limitless variety of configurations.

EFFICIENT

The V-Store vertical mounted 'roll top' doors, which neatly roll into the sides when open, ensure an effective and efficient use of space.

SAFE

All cabinets are supplied with a 3 point catch, for the seamless closing of the burglar retardant doors. When executed in aluminium, the V-Store cabinet doors are also fire retardant. As standard, Markant supplies a key plan for its cabinets and drawer units, permitting all Markant lock systems to be integrated.

MATERIALS

High quality construction and finish. The cabinets are constructed from heavy gauge plate steel. Doors fabricated in synthetic material are supplied as standard; burglar and fire retardant aluminium doors are also available as an option.

SEAMLESS

As standard, cabinets from the height of 105 cm have a magnetic three point soft closing mechanism.

HANGING FILES

Tops are supplied with a rail for hanging files as standard, whilst the shelves also offer the opportunity for storing files.

INTERNAL DIVISIONS

With the extensive range of shelves, pull-out frames and division sets, configuring and arranging the V-Store cabinets to the user's preferences is easy.

ACOUSTICS

As an option, the V-Store can be supplied with an applied textile rear. The textiled rear will make a positive contribution to the office space acoustics.

LEVEL

By means of four adjustable sliding supports in the bottom, the V-store cabinet can be levelled trouble-free. The easy sliding support spacers ensure the cabinet is simple to place and position.

DIMENSIONS V-STORE

Height in cm : 198 / 165 / 135 / 105 / 72

Height in inches : 78 / 65 / 53 / 41,3 / 28,3

Width in cm : 120

Width in inches : 47,2

Depth in cm : 42

Depth in inches : 16,5

INTERNAL DIVISIONS

With the extensive range of shelves, pull-out frames and division sets and its endless possibilities for adaptation, the individual user is free to compose and arrange the V-Store collection as desired. All models are supplied with shelves as standard, available to set out at 2 cm increments. When using two or more pull-out frames, the cabinet is required to be supplied with anti-tilting protection.

SHELF DIVIDERS

Order-units and bookends keep everything in its place, ensure efficient shelf use and maintain a tidy and orderly image.

LATERAL AND FRONTAL HANGING FILES

All Markant shelves are supplied with a rail on the underside for lateral hanging files as standard. The pull-out frame is used for archiving frontal A4 hanging files. When using two or more pull-out frames, the cabinet is required to be supplied with anti-tilting protection.

SLATTED DOORS

V-Store cabinets are supplied with vertical mounted 'roll top' doors, in aluminium or synthetic material. These can also be supplied as acoustic doors, to improve the acoustic quality of the office.

TOPS

To assist the fine-tuning of the cabinets with the other furniture, a choice of tops are available for the lower level models to compliment the style of the work stations. The tops can be supplied in melamine coated chipboard or solid core. For more possibilities, have a look at our Markant Interiors brochure.

LACQUER COLOURS

Markant furniture's metal components are powder coated and supplied lacquer finished in a range of neutral colours. The colour choice highlights the industrial design aesthetic and offers long-lasting protection. For more possibilities, have a look at our Markant Interiors brochure.
