

# wave task chair

Wave Task chairs have extended the norm to include modern aesthetic detailing across the entire range completing the total fit-out.

Employing our ratchet back adjustment system allows the user to adjust the backrest from the seated position.

Wave task chairs are available with medium, high or X-high backs, non tilt, tilt or independent seat and back tilt and synchronized mechanism. *Except for fixed height models.*

### Standard Configuration:

- \* Heavy Duty Fixed Seat
- \* Tilt back mechanism
- \* High Density Seat & back Foam
